

Bird Checklist for Duchess Wood

The Friends of Duchess Wood are looking towards the preparation of a new management plan for the Local Nature Reserve. The publication of a suite of provisional species lists is part of the process in that it is essential that we know what forms of biodiversity exist within the wood and what their requirements are. Starting with a provisional checklist we hope to encourage amateurs and professionals alike to add to the store of knowledge so that the plan which is prepared will fully take account of all of the different interests. If you are able to help us by correcting amending or adding to the list, or by suggesting ways of improving it, please contact Sandy Kerr on 01436-675421 or write to him at 119 West Princes Street, Helensburgh G84 8EX .

The scientific names and Common names used in this list are as per Hamlyn's Birds of Great Britain and Europe 1970.

Common Name	Scientific Name
Bird Checklist for Duchess Wood	
Common Name	Scientific Name
Blackbird	<i>Turdus merula</i>
