Trees and Shrubs Checklist for Duchess Wood

The Friends of Duchess Wood are looking towards the preparation of a new management plan for the Local Nature Reserve. The publication of a suite of provisional species lists is part of the process in that it is essential that we know what forms of biodiversity exist within the wood and what their requirements are. Starting with a provisional checklist we hope to encourage amateurs and professionals alike to add to the store of knowledge so that the plan which is prepared will fully take account of all of the different interests.

If you are able to help us by correcting, amending or adding to the list, or by suggesting ways of improving it, please contact Sandy Kerr on 01436-675421 or write to him at 119 West Princes Street, Helensburgh G84 8EX .

The list is based on extensive survey of the wood by Alison Rutherford for the New Atlas of the British and Irish Flora, augmented by more recent work by Sandy Kerr to add in species that did not qualify for the New Atlas. Both the common and scientific names used in the list are derived from the New Atlas of the British and Irish Flora by Preston, C. D., Pearman, D. A. and Dines, T. D. published by the Oxford University Press in 2002.

Scientific Name

Common Name

<i>Acer platanoides</i>	Norway Maple
<i>Acer pseudoplatanus</i>	Sycamore
<i>Aesculus hippocastanum</i>	Horse Chestnut
<i>Alnus glutinosa</i>	Alder
<i>Betula pendula</i>	Silver Birch
<i>Betula pubescens</i>	Downy Birch
<i>Castanea sativa</i>	Sweet Chestnut
<i>Corylus avellana</i>	Hazel
<i>Cotoneaster horizontalis</i>	Wall Cotoneaster
<i>Crataegus monogyna</i>	Hawthorn
<i>Cytisus scoparius</i>	Broom
<i>Fagus sylvatica</i>	Beech
<i>Fraxinus excelsior</i>	Ash
<i>Hedera algeriensis</i>	Algerian ivy
<i>Hedera helix</i>	Ivy
<i>Hydrangea macrophylla</i>	Hydrangea
<i>Ilex aquifolium</i>	Holly
<i>Ilex X altaclerensis</i>	Highclere Holly
<i>Larix X marschlinsii</i>	Hybrid larch
<i>Leycesteria Formosa</i>	Himalayan Honeysuckle
<i>Ligustrum ovalifolium</i>	Privet
<i>Lonicera nitida</i>	Japanese Honeysuckle
<i>Lonicera periclymenum</i>	Honeysuckle
<i>Lonicera pileata</i>	Box- leaved Honeysuckle
