

Thurgood Bridge Repairs

From time to time, over the next few weeks, the Thurgood Bridge will be closed to allow essential repairs to be carried out by the Community Payback Team.

It is not possible to say exactly when repairs will be carried out as it depends of the availability of labour to carry out the work.

However this is most likely to take place on **Fridays, Sundays or Mondays.**

When the path is closed appropriate signage and closure tape will be put in place.

When work is finally finished we will put up Notices to this effect.

We apologise for any inconvenience but it is essential these repairs are carried out.
