

We have had notification of summer work on Helensburgh Rugby club pitches; in particular the walk alongside the first team pitch from the garages will be shut.

Please be aware that the Rugby Club pitches will be out-of-bounds through June and July.

Renovation work will start after the Highland Games on Saturday 4th June with disc seeding and sanding of the roadside pitch and patch repairs, top dressing and spiking/slitting across the park.

Please obey the No Access signs (to help to allow the new seed to take) but also as all pitches will be treated with selective herbicide and fertiliser.

Any dog walkers are asked to Keep Off the Club pitches completely and use the paths through Duchess Woods.
