

"The FODW are pleased to hear that the two bids received by Luss Estates for that part of the Wood being sold are not from developers but rather organisations which have a community focus.

Whoever the eventual owner is we hope we can build a good relationship with them enabling us to continue the work we do and the Wood continues to be a great place for the community and visitors to enjoy.

We also look forward to continuing to work with Luss Estates during the transition and on the area of land they will retain."
